

SEA 2016 Virtual Machine

Go to <https://support.cise.jmu.edu/public/SEA2016/> and download [SEA2016.vbox](#) and [SEA2016.vmdk](#):

Save both files to their own folder. After installing [Oracle's VirtualBox](#), double-click SEA2016.vbox:

You can now run the SEA2016 Virtual Machine from VirtualBox:
